VISION

To evolve as a leading institution of professional learning by fostering excellence in technical education, a strong foundation of

discipline alongside competence in management, and traits of leadership, to become future contenders to meet the global standards by delivering students with an excellent education that helps them recognize their inherent potential.

MISSION

We pledge and dedicate ourselves to accomplishing, sustaining, and stimulating unmatched excellence in technical education through appropriate standards, to flourish the education field, and to nurture outstanding talents needed for students to develop and apply themselves to the demanding technological environment, with highest ethical values for the benefit of the country.

CHAIRMAN DESK

Dr. Nandkumar Tasgaonkar

**Founder Chairman
Saraswati Education Society**

Dear Students and Readers,

As we embark on yet another exciting edition of our annual College Magazine, "SPECTRUM", I am thrilled to extend my warmest greetings to each member of our esteemed pharmacy community. This publication serves as a testament to our collective journey towards excellence and innovation in pharmaceutical education

In the realm of academia, research stands as the cornerstone of progress. All our institutions in SES campus have consistently fostered a culture of curiosity and exploration, encouraging both faculty and students to engage in groundbreaking research initiatives.

Quality education has been the heartbeat of our institutions since its inception. We believe in nurturing not just competent professionals but compassionate individuals who understand the impact of their work on society. Our commitment to quality education is reflected in the success stories of our alumni, who continue to make significant contributions to the field of pharmacy globally.

As we leaf through the pages of this magazine, let it serve as a reminder of the dedication and perseverance that define our institution. Each article, photograph, and achievement highlighted within these pages is a testament to the collective spirit of excellence that permeates every facet of YTIP.

I extend my appreciation to the editorial team for their meticulous efforts in bringing this magazine to life. May it inspire and motivate our readers, and serve as a source of pride for every member of the YTIP family.

Wishing you all continued success and a future filled with many more accolades.

Warm regards.

CORPORATE DIRECTOR DESK

Mrs. Mrudal Tasgaonkar Kulkarni

**Director of Corporate
Saraswati Education Society**

To the students, alumni, parents, and other well-wishers of YTIP, I am very honoured to be a part of the 18th academic year of Spectrum at the Yadavrao Tasgaonkar Institute of Pharmacy. It gives me immense pride to be able to address the students, alumni, and parents of YTIP and would like to extend my thanks to the honourable Principal Madam, Dr Rupali Rajesh Tasgaonkar, who is responsible for the great success of this institution. We always aim at quality education, engaging in extracurriculars as well and imparting good ethics in our students and everyone related to our institution. However, I believe that college is the perfect phase in life to build your personality and more importantly your Work Ethic". From making the career decision to pursue a Pharmacy Degree, being able enough to secure admission for the degree to working hard for so many years to achieve the degree, all the steps can only be followed through with great will, zeal, and passion. I am proud to say that I see this passion in all the students and faculty at YTIP. I hope all students at YTIP always remember to be passionate to carry out this work ethic in college, and I assure you, that this work ethic and passion to work hard will never leave you in real life. I would like also to thank all the faculty members who work so hard to educate, inform and motivate students throughout the duration of the student's degree and make our institution a platform of unlimited opportunities for our students.

Thank you and looking forward to many more years to come of Spectrum!

CEO DESK

Mr. Parag Ola

CEO

Tasgaonkar Group of Institutions

Welcome to the Tasgaonkar Group of Institutions.

It is with great pride and honor that I introduce you to our esteemed family of educational institutions. For years, the Tasgaonkar Group has stood as a beacon of knowledge and opportunity, committed to nurturing talent and empowering individuals to achieve their full potential.

Our group encompasses a diverse range of institutions that provide education and degrees in various fields, including engineering, medical sciences, physiotherapy, nursing, pharmacy, Ayurveda, management, polytechnic studies, and school education. Each institution is dedicated to fostering excellence and preparing students to excel in their chosen careers.

Our mission is to deliver world-class education and holistic development to every student who walks through our doors. We are driven by the belief that education is the foundation of a progressive society and that through education, we can transform lives and communities.

At the Tasgaonkar Group of Institutions, we focus on academic excellence, innovation, and practical exposure. We take immense pride in offering programs that blend rigorous learning with hands-on experience, ensuring our students are industry-ready and equipped to meet the demands of a dynamic world.

Our faculty, infrastructure, and teaching methodologies are meticulously designed to inspire curiosity, encourage critical thinking, and nurture creativity. We also emphasize ethical values and social responsibility, ensuring our students grow not only as professionals but also as responsible global citizens.

As you explore our institutions and their offerings, I invite you to become a part of our journey in shaping the future of education. Together, let us inspire, innovate, and ignite the potential of every learner.

Thank you for choosing the Tasgaonkar Group of Institutions!

PRINCIPAL DESK

Dr. Rupali Rajesh Tasgaonkar

Principal

Dear Students, Faculty, and Readers,

I am delighted to extend my warm greetings to all of you through the pages of this edition of our 18th edition of Annual College Magazine "SPECTRUM". It gives me immense pleasure to share the remarkable achievements and milestones that our institution has reached in the pursuit of excellence in pharmaceutical education and research.

We are committed to maintain high standards of education, infrastructure, and overall excellence in the field of pharmacy.

In the realm of research, our institution continues to be at the forefront of groundbreaking discoveries and innovations. Our faculty members, along with passionate and inquisitive students, have actively contributed to the advancement of pharmaceutical sciences. These endeavors not only contribute to the academic growth of our institution but also have a profound impact on the larger scientific community.

As we celebrate these achievements, let us also acknowledge the dedication and hard work of our students. Their enthusiasm for learning and their commitment to shaping the future of pharmacy inspire us all. YTIP is not just a place of education; it is a community where ideas flourish, and dreams are nurtured.

I extend my gratitude to our faculty members, administrative staff, students, and all those who have played a pivotal role in making our college a hub of academic excellence. Together, let us continue this journey of knowledge and discovery, pushing the boundaries of what is possible in the field of pharmacy.

Wishing you all an enlightening and inspiring read!

IQAC DESK

Dr. Puja Vyawahare

IQAC Co-ordinator

It represents a privilege to be featured in SPECTRUM's 18th edition. With co-curricular and extracurricular activities, Spectrum offers the students with a rich platform for showcasing their creative ideas and talents. Since IQAC is an essential component of the college, it aims to achieve quality enhancement goals by creating a system for deliberate, systematic, and dynamic improvement across all college activities. The institution's quality management system is open and accountable, and the IQAC guarantees that the quality of education being provided is a top concern for all stakeholders, including students, parents, instructors, staff, administration, funding agencies, and the community as a whole.

In order to achieve the goals, I would like to thank the Management for their tremendous assistance. Internal Quality Assurance Cell is a step towards excellence. An array of programs are put together by the IQAC of YTIP for professors, administrative staff, and members of the quality circle. It carries out staff evaluations to offer insightful input for maintaining and enhancing the college's teaching, learning, and research experiences. In order to meet different standards for higher education, it records and reports on the college's numerous operations. The college's infrastructure has been continuously monitored to ensure that it has appropriate, better, and more facilities to provide an inviting and encouraging atmosphere for research, teaching, and learning.

STAFF EDITORIAL

**Ms. Aasawaree
Mane**

Assistant Professor

**Ms. Jaya
Yadav**

Lecturer

It gives us immense pleasure to present the 18th edition of our prestigious college magazine SPECTRUM-2026. The word spectrum indicates the light. So, the spectrum is published for the readers to enlighten the activities such as curricular, co-curricular, extra-curricular, and annual events and achievements during the academic year 2025-2026. Spectrum is the best platform for the students as well as faculty members to explore their hidden potential. With all the efforts and contributions put in by our beloved students, we truly hope that the pages that follow will make some interesting reading. We would like to thank our beloved Chairman Dr. N.Y. Tasgaonkar and Trustee Co-ordinator Late Rajesh Tasgaonkar whose inspiring words are always there with us. We also would like to thank our beloved Principal Dr. Rupali R Tasgaonkar who inspired and guided us to put forward this magazine in front of you. We are also thankful to our Sponsors for their keen support. We warmly welcome feedback and suggestions that would help us to improve the forthcoming edition of 'SPECTRUM'.

Thanking you !!

STUDENT EDITORIAL

Dear Readers,

The Student Editorial Board of the Institute proudly presents its unique creation in the form of the Annual College Magazine "SPECTRUM". This is the 18th Edition of 'SPECTRUM' which will create an incredible guide for every reader. This SPECTRUM will give truly a creative document of the talents concealed within the students. It's always said to enjoy every moment we have because in life there aren't rewinds only flashbacks. So, for all readers we have worked hard to bring up an exhilarating flashback of the inception of our college:- its academics, events, achievements, sports, and cultural activities held during session 2025-26. This is possible due to the immense support of student editor, sub-editor and staff advisors of Magazine Committee. Finally, we would like to take this golden opportunity to thank our Honorable Principal Dr. Rupali Tasgaonkar and Teachers for their faith in us and their constant support. Special Thanks to our esteemed Sponsors. We would be glad to thank each member of the editorial team, who has left no stone unturned in creating such a well organized magazine.

ANNUAL REPORT 2025-26

The Academic Year 2025–2026 was marked by academic excellence, professional achievements, cultural vibrancy, and strong community engagement. The institution successfully organized a wide spectrum of events aimed at nurturing intellectual growth, leadership qualities, social responsibility, and cultural values among students.

Academic Excellence & Institutional Achievements

- The institution proudly commenced the M. Pharmacy program in Pharmaceutics and Quality Assurance, marking a significant milestone in its journey of academic expansion and postgraduate education. This achievement reflects the institute's commitment to advanced pharmaceutical education, research development, and specialization in emerging areas of pharmacy practice.
- The institution underwent a successful inspection by the Pharmacy Council of India on 13th August 2025, reflecting adherence to regulatory standards and academic quality. The Maharashtra State Board of Technical Education (MSBTE) awarded the institute a "Very Good" remark under Institute Monitoring for the academic year 2024–2025 on 3rd September 2025, recognizing consistent academic performance and institutional development.
- Dr. Puja Vyawhare was conferred the Doctor of Philosophy (Ph.D.) degree from the University of Mumbai in November 2025, bringing pride and academic distinction to the institution.

National & International Observances

- World Environment Day (5th June 2025): Celebrated in collaboration with the National Academy of Sciences, India (NASI) and Bhabha Atomic Research Centre (BARC), promoting environmental awareness and sustainability.
- Independence Day (15th August 2025): Celebrated with patriotic zeal through flag hoisting and cultural programs.

- **Dr. A.P.J. Abdul Kalam Jayanti & Vachan Prerana Din (15th October 2025):** The birth anniversary of A. P. J. Abdul Kalam was commemorated to inspire students toward innovation and knowledge.
- **Dr. Babasaheb Ambedkar Mahaparinirvan Divas (6th December 2025):** A respectful tribute was paid to B. R. Ambedkar for his invaluable contribution to the nation.
- **Republic Day (26th January 2026):** Observed with great enthusiasm, reinforcing constitutional values and national unity.

Professional Development & Industry Interaction

- **Stem Cell Donor Drive (11th July 2025):** Organized by NSS in collaboration with Marrow Donor Registry India, encouraging social responsibility and humanitarian service.
- **Mega Campus Drive (14th July 2025):** Conducted by Alembic Pharmaceuticals, providing career opportunities to graduating students.
- **Pharmacist Day Celebration (25th September 2025):** Celebrated with a State-Level Reel Making Competition and Logo Making Competition on the theme “Think Health, Think Pharmacist.”
- **Tree Plantation Drive (25th September 2025):** Conducted by NSS volunteers to promote environmental sustainability.
- **Industry Visit – Influx Industry (15th December 2025):** T.Y. B. Pharm and S.Y. D. Pharm students gained practical exposure through an industrial visit.

Webinars & Academic Enrichment Programs

- **Alumni Seminar (11th September 2025):** Mr. Amol Kokane delivered a session titled “From Classroom to Career,” guiding students on professional growth.
- **Webinar on Pharmacovigilance (20th September 2025):** Conducted via Google Meet by Ms. Vaishali Wakchoure on “Scope of Pharmacovigilance in the Pharmacy Field.”
- **National-Level Webinar (6th December 2025):** Organized on “Career Guidance through Financial Literacy.”

- **Webinar on Financial Wellness (9th December 2025):** Conducted on the Zoom platform focusing on “Career Guidance on Financial Wellness Enhancement.”

Cultural & Spiritual Celebrations

- **Farewell & Convocation Ceremony (7th June 2025):** Organized to honor graduating students and celebrate their academic achievements.
- **Guru Pournima (10th July 2025):** Celebrated to express gratitude toward teachers and mentors.
- **Founders’ Day (24th July 2025):** Marked with Chess and Rangoli competitions, honoring the vision and legacy of the institution’s leadership.
- **Satyanarayan Pooja & Garba Raas (29th September 2025):** Brought together students and staff in spiritual and cultural harmony.
- **Foundation Day (10th October 2025):** Celebrated with institutional pride and unity.
- **Diwali Celebration (17th October 2025):** The campus radiated joy and festive spirit.
- **Shiv Jayanti Celebration (19th February 2026):** The birth anniversary of Chhatrapati Shivaji Maharaj was celebrated with great pride and enthusiasm.

Student Development Initiatives

- **Induction Program & Fresher’s Party (18th November 2025):** Warmly welcomed new students through interactive sessions and cultural activities.
- **Alumni Meet (7th January 2026):** Strengthened alumni connections and provided networking opportunities for students.

The Academic Year 2025–2026 reflects our institution’s strong commitment to academic excellence, professional development, cultural enrichment, and social responsibility. Through notable achievements, industry collaborations, and vibrant activities, the year showcased holistic growth. We extend our heartfelt gratitude to all stakeholders and look forward to continuing this journey of excellence and innovation. We look forward to continuing this journey of excellence, innovation, and community engagement in the years ahead.

Thank You !!

CATNIP HEALING FROM FEVER TO DIGESTIVE EASE

Nepeta cataria, generally known as catnip, is a sweet condiment used in folk drug and as a pet toy for pussycats. Its essential oil painting has arthropod repellency exertion, effective against mosquitoes, canvases, ticks, and diminutives, similar to DEET. Nepetalactone, a bicyclic oxygenated monoterpene, is the main emulsion responsible for repellency and cat magnet. Nepeta cataria has numerous medicinal properties, including antioxidant, hepatoprotective, antidiabetic, dreamy, depressive, spasmodic, anti-nociceptive, and anti-inflammatory conditioning, Antimicrobial, nematocidal, and Allopathic parcels. Implicit anticancer and insecticidal parcels. Despite its eventuality, the lack of superior inheritable stocks has hindered large- scale product and meeting request demands.

Associate Professor

BIOSIMILARS – ADVANCING AFFORDABLE AND SUSTAINABLE HEALTHCARE

Biological medicines have significantly improved the treatment of chronic and life- threatening diseases such as cancer, diabetes, and autoimmune disorders. However, their high cost limits accessibility, particularly in developing countries. Biosimilars have emerged as a scientifically sound and cost-effective alternative to reference biologic medicines, offering comparable quality, safety, and therapeutic efficacy. Biosimilars are highly similar versions of approved biologic drugs, developed using advanced biotechnological processes and rigorous comparability studies. Unlike conventional generic medicines, biosimilars require extensive analytical, non-clinical, and clinical evaluation to demonstrate similarity due to the complex nature of biological products. Regulatory agencies such as the WHO, EMA, US FDA, and in India, the CDSCO, have established stringent guidelines to ensure their safe and effective use. The introduction of biosimilars has improved patient access to advanced therapies by reducing treatment costs and increasing market competition. They are widely used in oncology, endocrinology, and immunological disorders, contributing to sustainable healthcare systems. Despite challenges related to manufacturing complexity and awareness, biosimilars represent a promising future for affordable biologic therapy. For pharmacy students, understanding biosimilars is essential to meet evolving healthcare and professional demands.

ARTIFICIAL INTELLIGENCE AND MACHINE LEARNING IN THE INDIAN PHARMACEUTICAL INDUSTRY

Artificial Intelligence (AI) and Machine Learning (ML) are rapidly transforming the pharmaceutical sector, and the Indian pharmaceutical industry is increasingly embracing these advanced technologies. Traditionally recognized as the “pharmacy of the world” due to its strong generic drug manufacturing base, India is now transitioning toward innovation-driven and research-oriented pharmaceutical development. AI and ML enable efficient analysis of large chemical, biological, and clinical datasets, supporting faster drug discovery, optimized formulation development, improved clinical trial design, enhanced pharmacovigilance, and smart manufacturing processes. Leading Indian pharmaceutical companies such as Sun Pharma, Dr. Reddy’s Laboratories, Cipla, and Lupin are adopting AI-driven tools to accelerate research and improve quality and regulatory compliance. AI also supports personalized and precision medicine by enabling pharmacogenomic analysis to optimize therapy and reduce adverse drug reactions. Despite challenges related to data quality, privacy concerns, and skill gaps, AI and ML offer significant potential to enhance efficiency, safety, and patient-centric care, shaping the future of the Indian pharmaceutical industry.

Dr. Puja Gulabrao Vyawahare
Assistant Professor

HERBS FOR AUTOIMMUNE DISEASES

The incidence of autoimmune diseases worldwide is on the rise, with extensive impact on lifestyle of individuals and spiralling healthcare costs. Phytotherapies are increasingly being deployed in management and treatment of various autoimmune diseases, primarily due to the restricted therapeutic benefit and serious side effects and toxicities associated with the long-term use of biologicals and other immunosuppressant drugs that currently form the mainstay of autoimmune disease management. This chapter focuses on providing an update on herbs reported in management and treatment of autoimmune diseases, with detailed, in-depth understanding of their molecular-level mechanism of action and modulation of various cell signalling pathways including NF- κ B, STAT/JAK, MAPK and iNOS. Insights into the aetiology and pathogenesis of some of the major autoimmune diseases help in figuring out the arsenal of herbs that can be developed as effective therapeutic agents against these difficult-to-manage disease conditions. We take a look at phytotherapies reported for treatment and management of organ-specific and systemic autoimmune conditions including systemic lupus erythematosus, skin-related autoimmune conditions (atopic dermatitis, vitiligo and psoriasis), Addison’s disease and neurodegenerative diseases (multiple sclerosis, Alzheimer’s disease and Parkinson’s disease).

AI-DRIVEN DESIGN OF NANOCARRIERS FOR TRANSDERMAL DRUG DELIVERY: AN INDUSTRY 5.0 PERSPECTIVE

Nanotechnology-based drug delivery systems have emerged as promising platforms for improving drug stability, solubility, and bioavailability. Among these, nanocarrier-based transdermal drug delivery systems offer distinct advantages, including nanoscale size, high drug-loading capacity, and enhanced skin permeation. However, formulation complexity and the barrier function of the stratum corneum remain significant challenges. The integration of artificial intelligence (AI) has introduced innovative approaches to overcome these limitations through predictive modeling, formulation optimization, and data-driven decision-making. AI-based tools improve the accuracy and efficiency of formulation development by enabling rapid screening of formulation variables and optimization of nanocarrier characteristics. Furthermore, AI supports the development of complex therapeutics and advanced transdermal systems by enhancing permeability prediction and delivery performance. The convergence of nanotechnology and AI accelerates the development of next-generation transdermal drug delivery systems with improved therapeutic efficacy, safety, and potential for personalized treatment.

PHARMACOLOGICAL MANAGEMENT OF DIABETES MELLITUS: A REVIEW

Diabetes mellitus is a chronic metabolic disorder characterized by persistent hyperglycaemia resulting from defects in insulin secretion, insulin action, or a combination of both. It has emerged as a major global public health concern due to its rapidly increasing prevalence and its association with significant morbidity and mortality worldwide. Achieving effective glycaemic control is essential for reducing the risk of microvascular and macrovascular complications, thereby improving life expectancy and quality of life in affected individuals. Along with lifestyle modification and appropriate dietary management, pharmacological therapy remains the cornerstone of diabetes treatment for most patients. Current treatment strategies include insulin therapy and a wide range of glucose-lowering agents that act through both insulin-independent and insulin-dependent mechanisms. Recent advances in antidiabetic pharmacotherapy have led to the development of newer drug classes that not only improve glycaemic control but also provide additional benefits, such as weight reduction and protection of the cardiovascular and renal systems. This review, therefore aims to provide a comprehensive overview of the available and emerging pharmacological agents used in the management of diabetes mellitus, with particular emphasis on insulin therapy and the major classes of non-insulin antidiabetic drugs.

NSS ACTIVITIES

POEM SECTION

Mera Safar...

Babita ma'am ne sikhaya Pharmacognosy ka gyaan,
Pooja ma'am ka Biostatistics—bilkul lajawab pehchaan.

Pharmacology ka jab aaya dar, to socha kyun ghabrana,
Swati ma'am hain na saath, phir dar kis baat ka aana?

Karte-karte pahunche Pharmaceuticals ke formulation mein,
Aasawaree ma'am boli, "Tension mat lo, sab ho jayega end mein."

Rege ma'am ne sambhala Microbiology ka safar,
Aur Biotechnology mein Aarti ma'am ka alag hi asar.

Pharmacovigilance ke liye Pooja ma'am aur Reema ma'am ka saath,
Biopharmaceutics mein Rajeshwari ma'am ne dikhayi raah.

Sonali ma'am aur Gayatri ma'am ke saath,
Chemical bonding ke reactions bane yaadein khaas.

External se jab bachana pada har scene,
Mothe sir aur Sandip sir bane hamari shield strong aur keen.

Lab ke the asli bodyguard, ye maan lo baat,
Vikrant sir, Juikar ma'am, chitra mam, pandi sir Daji, Girnar sir—hamesha saath.

Office ka kaam ho ya madad ka scene,
Sangeeta ma'am, Satyawani sir—hamesha rahe keen.

Fees ka naam aaye to yaad aaye bas ek hi naam,
Bharat sir—clear, calm, aur kaam tamam.

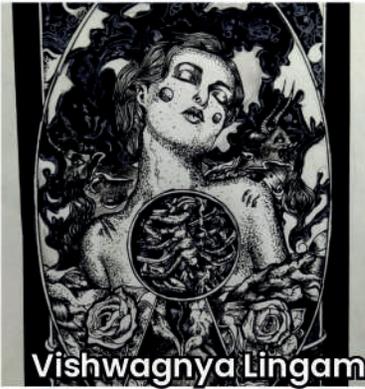

Aur jab aaya padhai ka thoda sa khauf,
Chaudhari ma'am boli—"Books uthao, padho, padho... enough!"

Par in sab se upar ek naam jo sabka maan,
Hamari Principal ma'am, Dr. Rupali ma'am—hamari pehchaan.

Agar kisi ka naam reh gaya ho, to maafi chahte hain dil se,
Har ek ka yogdaan basa hai YTIP ke har ek kal se.

--- Ms. Neha Ramakant Tare

POEM SECTION

फार्मसी – माझं स्वप्न

औषधांच्या जगात उमलतं ज्ञानाचं फूल,
रुग्णांच्या वेदनांवर फुकतो आम्ही शीतल कूल.
गोळ्या, सिरप, इंजेक्शनमध्ये जबाबदारी मोठी,
सेवेच्या मार्गावर चालते आमची पावलं ठाम आणि खोटी नाही.
फार्मसी म्हणजे केवळ पदवी नव्हे, जीवनाची शिस्त,
रुग्णांच्या हसण्यात दिसते आमच्या मेहनतीची किंमत.
करिअरमध्ये आहे आदर, अभ्यासाची धार,
मानवतेसाठी झिजणं हाच आमचा खरा आधार.
पांढऱ्या कोटात जपतो विश्वास आणि प्रेम,
फार्मसीचं क्षेत्र म्हणजे सेवेचं पवित्र नेम.
रात्रंदिवस अभ्यासात घडतो खरा फार्मासिस्ट,
ज्ञान, कौशल्य, संयम यांचा असतो सुंदर मिलाफ निश्चित.
चुकीला नाही थारा, अचूकतेचं असतं भान,
रुग्णांसाठी जगणं हेच आमचं खरं अभिमान.
औषधातून उगवतो नव्या आयुष्याचा पहाटप्राण.

- Snehal Madhavi

Heart of Pharmacy

In the silent lab where dreams take flight,
Pharmacy teaches to heal what's not right.
With caring hands and knowledge deep,
We guard the promises patients keep.
Beyond the books, a purpose grows,
To ease the pain the sufferer knows.
Career of service, trust, and grace,
Bringing a smile on every face.
Step by step toward success we rise,
With hopeful hearts and focused eyes.
Pharmacy is more than a degree we earn,
It's a lifelong path where compassion burns.
